<b>Aamjiwnaang First Nation</b> Chief Chris Plain 978 Tashmoo Avenue, Sarnia, ON N7T 7H5 519-336-8410 <a href="mailto:chief.plain@aamjiwnaang.ca">chief.plain@aamjiwnaang.ca</a>	Notice of Commencement Sent via Canada Post Feb 23, 2018		
	Notice of PIC sent via Canada Post April 17 <sup>th</sup> , 2018  Notice of PIC 2 send via Canada Post February 2 <sup>nd</sup> , 2019  Follow-up phone call February 27 <sup>th</sup> , 2020 to confirm receipt of project material and provide opportunity to discuss any project concerns or comments.  Followed up via phone on March 12 <sup>th</sup> , 2020 to confirm receipt of project material and provide opportunity to discuss any concerns or comments.	Stantec followed up on February 27 <sup>th</sup> , 2020 and was put through to Ms. Sharilyn Johnston's voicemail. However, could not leave a voicemail as the inbox was full.  Stantec followed up again on March 12 <sup>th</sup> , 2020 and left a voicemail with the general number requesting the extension of Ms. Sharilyn Johnston so Stantec could get in touch.  Email received March 13, 2020 including noting that the project information was presented to Aamjiwnaang First Nation's Environment Committee meeting, who noted concerns regarding overflows into the Thames River, and requested information on how overflows would be mitigated, and information on best management practices. Project information should continue to be forwarded to Aamjiwnaang for consideration.	Stantec responded to Mr. Plain's email on March 13 <sup>th</sup> , 2020, included PIC materials, and noted that impacts to the Thames River are being mitigated by upstream stormwater management measures including stormwater management facilities, grassed swales, and other Low Impact Development Management. These measures mitigate impacts from stormwater flows on receiving watercourses (including the Thames River). In addition, most areas throughout the Municipality require "Enhanced" stormwater quality treatment to further mitigate impacts on receiving water courses.  Project Information, including SWM Master Plan document and Notice of Completion will be provided for review.
	Notice of Completion Canada Post DATE		
<b>Caldwell First Nation</b> Chief Mary Duckworth 12 Orange Street, Leamington On N8H 1P5 <a href="mailto:chief@caldwellfirstnation.ca">chief@caldwellfirstnation.ca</a>	Notice of Commencement Sent via Canada Post Feb 23, 2018	Notice of Commencement returned to sender. Resent to 12 Orange Street address, changed addressee to newly elected Chief Duckworth, and resent notice of commencement.	
	Notice of PIC sent via Canada Post April 17 <sup>th</sup> , 2018  Notice of PIC 2 send via Canada Post February 2 <sup>nd</sup> , 2019  Follow-up phone call February 27 <sup>th</sup> , 2020 to confirm receipt of project material and provide opportunity to discuss any project concerns or comments.	Reached out by phone and left a message for the Director of Operations on February 27, 2020. Left a voicemail regarding the project and provided contact information.	Continue to provide project information.
	Notice of Completion Canada Post DATE		
<b>Chippewa of the Thames First Nation</b> Chief Jacqueline French Lands & Environment 320 Chippewa Road, Muncey, ON N0L 1Y0 519-289-2662 Ext. 213 Rochelle Smith, Consultation Coordinator <a href="mailto:rsmith@cottfn.com">rsmith@cottfn.com</a> <a href="mailto:jfrench@cottfn.com">jfrench@cottfn.com</a>	Notice of Commencement Sent via Canada Post Feb 23, 2018		
	Notice of PIC sent via Canada Post April 17 <sup>th</sup> , 2018  Notice of PIC 2 send via Canada Post February 2 <sup>nd</sup> , 2019  Follow-up email with project information on Feb 26, 2020.	Response received Feb 25, 2019, noting that the study area is located within the London Township Treaty Area (1796) and is located within the Big Bear Creek Additions to Reserve (ATR) land selection area, as well as COTTFN Traditional Territory. Letter has indicated moderate interest in the project.  Phone call on February 27, 2020 with Rochelle Smith. Reviewed past correspondence on the project. Rochelle noted that they have the PIC information, will review, and identify any comments or concerns by next week.  Stantec sent follow-up email on June 17, 2020 to Rochelle Smith with update on project status. Rochelle Requested copy of project documentation prior to 30-day Review Period.	Stantec follow up email February 26 2020 to provide project information and ask how best to discuss the project.  February 27, 2020: Rochelle noted that they have the PIC information, will review, and identify any comments or concerns by next week.
	Notice of Completion Canada Post DATE		Stantec provided Master Plan documentation via email on August 8, 2020 for review prior to issuing the Notice of Completion.
