

2024 Water, Wastewater & Stormwater Rates

Each year, Middlesex Centre Council approves water, wastewater and stormwater rates based on the amount of funding needed to operate these systems. **For 2024, water rates will increase by 1% (the first increase since 2021). Wastewater rates will increase by 4% for both fixed and volumetric fees. Stormwater rates will increase by 2.5%.** For an average household with all three services, this amounts to an increase of just over \$4 per month.

How much will I pay per month in 2024?
